

RE IMAGINE Mission

Just a short distance from the Orlando theme parks and white sand beaches of the Gulf of Mexico a mission field awaits.

Welcome to Mission Beth-El

How can such a wide gap exist between those of us that travel to Florida for pleasure and those that are forced to travel just to survive?

Beth-El offers encouragement and support to our brothers and sisters who toil in the soil, but cannot afford to share in the fruit of their labors.

Beth-El

Farmworker Ministry, Inc.

Every day a farmworker enters the fields, to harvest the crops for our tables. They are paid less than minimum wage for their long hours of labor, and frequently are without the financial means to support their own family.

Beth-El Mission works to help farmworkers provide for their basic needs by:

- ❖ Weekly Food Pantry
- ❖ Education Scholarships
- ❖ Spiritual Care
- ❖ Partners in Healthcare

“This experience has opened my eyes and changed my life forever.” *State College of Florida*

“Thank you. You truly helped us to better understand what so many farmworkers go through everyday.” *Hope College*

Feeding the Mind, Spirit, and Body of the farmworking community and our neighbors in need.

Every year nearly 200,000 farmworkers travel to Florida to pick the fruits and vegetables sold in markets around the country that find their way to our dinner tables.

Farmworking is a hard life. A farmworker works from sunrise to sunset, rain or shine, and still earns only pennies per pound for their labor. They travel without health insurance, or the assurance of steady wages, living well below the national poverty line.

A mission trip to Beth-El immerses your team into the life and work of a farmworker. While here you will have the opportunity to live “*a day in the life*” of one of our brother or sister farmworkers. You will help out in our food pantry, share a meal, or work on a community project.

A mission trip to Beth-El offers you the opportunity to re-imagine the mission field just outside your door while still enjoying all the natural beauty of Florida
